DEAR FRIENDS AND COLLEAGUES,

We are very much looking forward to hosting the 8th World Congress for Endoscopic Surgery of the Paranasal Sinuses, Skull Base, Brain and Spine and Second Global Update on FESS, the Sinuses and the Nose (EndoBarcelona 2018) from 5-8 July 2018.

Barcelona was founded over 2,000 years ago. The traces of this history and diversity can be followed as you walk through the city; through its Gothic Quarter, built on the Roman ruins; through its art-nouveau Eixample district, presided over by Gaudí's exuberant architecture, which at the same time reveals an ordered and rational urban layout.

In just over two decades, Barcelona has completely transformed its range of facilities and attractions. It has done so by displaying a dynamic character and pioneering spirit, which are perfectly visible in its new urban and architectural layout.

We will do our best to make the EndoBarcelona 2018 a memorable scientific, social and cultural event for you. We dream of a congress which will have optimal digital possibilities, discussions, instructional sessions, symposia, round tables and workshops as well as 'meet the experts' sessions.
