The PARS [Pan Arab Rhinology Society] is delighted to announce the 5<sup>th</sup> year of the march of PAJR [Pan Arab Journal of Rhinology]. We would like to inform you also that PAJR will be on PubMed next year.

More over the 6<sup>th</sup> PARS conference is coming soon in Riyadh, KSA on December 2 - 3, 2015. We would like also to announce the pre-conference FESS course, November 29 - December 1, 2015 at the King Saud University, KSA.

We would like to thank all those who supported the PARS activities throughout the last 5 years. Together we will push the PARS ahead and receive a disguised PARS statue.
